

NYSERDA RESIDENTIAL SOLAR AND ENERGY EFFICIENCY FINANCING GREEN REVENUE BONDS, SERIES 2020A

Participant: New York State Energy Research and Development Authority (NYSERDA)

Location: State of New York

Investment class: Green Bonds

Amount to be financed: US\$16,690,000

The Project: The Series 2020A Bonds are being issued to (a) finance loans made by NYSERDA to fund (i) the installation of energy efficiency improvements and (ii) the installation of solar electric systems in one- to four-family residential structures for eligible applicants as a part of NYSERDA’s Green Jobs—Green New York Program (the “GJGNY Program”), (b) fund a Reserve Fund and (c) pay the costs of issuing the Series 2020A Bonds.

The Solar Loans and Energy Efficiency Loans are offered to owners of one to four family residential homes, have loan terms of 5, 10, or 15 years, have an original principal balance of up to \$25,000. Interest rates are based on the borrower’s household income as compared to the applicable county medium income and are generally 3.49%-6.99%, with the exception of loans issued through applications approved through a temporary promotional period from 6/1-6/15/2020 which were offered at 0%.
